

WPHOA List of AERC Prior Approvals for Exterior Change Requests

The following is a list of exterior change requests that have received prior approval from the WPHOA Architectural & Environmental Review Committee (AERC) when homeowners have submitted a request to make an exterior change to their homes/lots. *(This list is provided to assist Waterford Place homeowners who are considering making exterior changes (replacements, new installations, etc.) to their homes.)*

NOTE: Homeowners are reminded that an Architectural Change Request form must be completed and submitted to the AERC to obtain prior approval of any change to the exterior (front or back) of their home/lot. No changes to the exterior of your home/lot should be made until after you receive approval from the WPHOA AERC.

EXTERIOR LIGHTS

Gold, brass, bronze, and black are the only approved colors for replacement exterior lights for exterior house lights. All versions of these allowed colors (for example, all shades, tints, etc.) are not automatically allowed. (10/2021)

All exterior lights on the front of the townhome must be the same color and must have the same finish type, features, and style type (**lantern**).

All the exterior house lights on any back wall/rear of your townhome must be the same color and have the same finish type, features, and style (**lantern**).
